STAFFING SOLUTIONS

**Quality Staffing Solutions**

## Welcome to Eriesis Staffing solutions

We are a nationwide temporary employment agency offering a comprehensive range of skilled professionals, including nurses, healthcare assistants, support workers, and domestic staff, tailored to your specific requirements.

At Eriesis Staffing Solutions, our core values include courtesy, punctuality, and a positive 'can-do' approach. Our reputation is built on professionalism, and our clients recognize the irreplaceable qualities of our dependability, consistency, and competitive pricing.

Apart from serving nursing homes and residential care facilities, our typical clients include CCG's, social services, learning disability units, NHS, and private hospitals. We assist you in delivering services to the elderly, children, as well as both younger and older adults.

Regardless of whether your focus is on social companionship or complex healthcare, we have the expertise to support you. Our staff members possess extensive experience in caring for individuals with spinal injuries, brain injuries, mental health issues, and learning disabilities.

With a proven track record spanning many years in the healthcare sector, our unwavering commitment to excellence is centered on fulfilling your requirements as a healthcare provider. Whether you need temporary coverage or ongoing support for major projects, we guarantee cost-effective and dependable healthcare staffing solutions.

## **What Makes Eriesis Staffing Solutions Unique?**

Led and overseen by individuals with extensive experience in the healthcare industry, Eriesis Staffing Solutions possesses the expertise needed to match personnel to the specific requirements of our clients. Leveraging our deep understanding of the unique demands of each situation, we deliver a service staffed by professionals who are well-trained to handle various scenarios.

With a vast network of available personnel at our disposal, we have the capability to identify the ideal candidates for any assignment. Eriesis Staffing Solutions also guarantees access to the reliability, flexibility, and expertise necessary to support your needs, recognizing their paramount importance.

Our recruitment process is highly selective, accepting only individuals with appropriate and verifiable references. We prioritize providing professional and capable staff, instilling confidence in our clients regarding screening, assessment, and training.

While we place utmost importance on the quality of our service and professionalism, affordability remains a key aspect of our mission. Through offering attractive packages to both employees and clients, we strike a balance that doesn't compromise the quality of our staff or your ability to utilize our services. Our introductory trial period features highly competitive rates that surpass those of most other agencies.

## Our Recruitment Criteria

What sets us apart has always been our ability to provide top-tier care staff. We maintain stringent internal Quality Assurance Systems, which are constantly refined to ensure our hiring standards remain at the highest level. Both for us and our clients, the compliance of our care staff is of utmost importance.

Every candidate we evaluate undergoes in-person interviews with our recruitment specialists. This ensures that only individuals possessing the necessary care expertise, local familiarity, and awareness are brought on board. Our team is carefully selected to align with the services they will provide, boasting the appropriate qualifications and experience, with many holding QCF levels 2 or 3 certifications.

Your business is our priority. Each candidate or employee undergoes checks encompassing Disclosure Barring Services (DBS), POCA, SOVA, work history, experience, and qualifications. We also verify references and health declarations to precisely understand their capabilities and competency levels. We continually assess ongoing training requirements to maintain a high standard of service:

Eriesis Staffing Solutions adheres to:

- The Care Standards Act 2014
- The Regulation of Care Act 2014
- Department of Health Code of Practice for NHS Employers
- All NHS National Framework Guidelines

## Care Staffing

Eriesis Staffing Solutions stands as a prominent provider of comprehensive healthcare staffing solutions for care and nursing homes, medical facilities, and institutions focused on individualized care.

We excel in offering cost-effective, high-quality staffing solutions, catering to various needs ranging from emergency coverage and staff shortages to the establishment of new units while permanent staff recruitment is underway.

Our vast database comprises experienced healthcare assistants, support workers, and nurses, readily available to deliver top-notch care as needed by our clients.

Our dedicated staff are equipped to assist in a variety of situations, including:

- Providing one-off shifts to cover absences and sudden shortages, often on short notice.
- Supporting the establishment of new units during the recruitment of permanent staff.
- Offering emergency coverage during busy periods.
- Filling temporary or permanent positions.
- Providing consistent support to full-time teams.
- Arranging contracts or Service Level Agreements (SLAs).

Our support workers and healthcare assistants possess the expertise to address a wide range of specialized care services, including:

- |                                      |                               |
|--------------------------------------|-------------------------------|
| • Elderly and EMI                    | • Advocacy                    |
| • Brain Injuries                     | • Relationships and Sexuality |
| • Mental Health                      | • Communication               |
| • Citizenship and Social Inclusion   | • Equal Opportunities         |
| • Learning and Physical Disabilities | • Person-centred Planning     |
| • Adult Protection                   | • Complex Behaviour           |

Whether you require coverage for unexpected staff absences or have more extensive staffing demands, we offer adaptable and customized solutions. Our personnel are carefully selected to fit your specific assignments, and a significant number of them possess extensive expertise in caseloads, live-in care, evaluations, assessments, and safeguarding.

These competencies serve as valuable additions to your existing care teams. With the assurance that we supply experienced and versatile high-quality staff, you can be confident in having the essential elements for a robust and reliable workforce.

### **Our Core Beliefs:**

Our guiding principle is to offer a person-centered approach that unleashes individuals' full potential. This involves creating an environment that fosters problem-solving. To facilitate this, we aim to provide:

- Adequate support and stimulation to promote independence, which may involve support for reasonable and monitored risk-taking.
- Upholding the Civil and Human Rights of those under our care.
- Practicing non-discriminatory methods and embracing individual uniqueness.
- Cultivating an environment of mutual respect between service users and staff to preserve individual dignity.
- Maintaining the highest standards in staff recruitment and selection.
- Offering training and development opportunities that empower employees to enhance their professional and caregiving skills.
